

# Worker Ministries

A Book. A Mission. A Way of Life.

## Celebrating Our 10th Anniversary

Based at Elon North Carolina with satellite operations in New York City, Washington DC, Memphis Tennessee

### To GOD be the Glory!

All accomplishments in Worker Ministries are the direct result of Almighty God's divine providence in which He has opened many doors for us. He is the Chairman of our ministry. Our **ROLE MODEL** is the one perfect worker, Jesus Christ, who spent **three-fourths of His earthly life** in the workplace. Worker Ministries is a non-profit organization. We do not ask for any contributions as our ministry has been fully financed through His grace!

#### THE DIRTY FOUR LETTER WORD

That little four letter word **WORK** has become a profanity in America. It is a word which many hate especially on Monday!

**Over half** of American workers **hate their job!** And the major cause is **poor relationships between managers, employees, and co-workers.**

Now, add to all of this the current state of the American economy. How can anyone enjoy working when a pink slip may be delivered before the end of the business day or when my pay has been cut?

Worker Ministries, based in Elon, was created in 2001 to reach out to workers with practical answers to difficulties they face on the job. Help is as close as one phone call!

*"You have the power to leave this world a little better than when you found it. Do we choose to pass along a spark of the Divine? Or do we pass up that opportunity and leave the world a bit colder in the process?"*

*When this life has ended, can you say what Jesus said to His Heavenly Father?*

*'I have brought you glory on earth by completing the work you gave me to do.'*  
(John 17:4)

*My prayer for you is that with God's help, you can be a special kind of worker....a worker who need not be ashamed!"*

*---The closing message from the book A Worker Need Not Be Ashamed authored by Jim Hogsett, Founder and President; Worker Ministries.*

#### JOY ON THE JOB? YOU MUST BE KIDDING!

If everyone hated WORK, we might conclude that joy on the job is impossible! Thankfully, this is NOT the case. What is the secret to job satisfaction?

In his book **A Worker Need Not Be Ashamed**, Jim Hogsett discusses four necessary steps. He states, "I have NEVER known one individual who is unhappy at work provided all four steps are present."

- Find Your Calling **NOT** just a job
- Prepare for the calling
- Exercise your Christianity in the workplace
- Be the BEST that God has made you to be!

These steps are based on the gospel which is the foundation on which we operate. There are over 800 references to **WORK** found in His Word!

## OPERATION UPLIFT

Poverty will never be eliminated in our country unless we assist the homeless in getting to work. Each year, we go underground to reach individuals in subways, in parks, and on the streets who have never found their purpose for living. We are thrilled that we can tell them they are **NO ACCIDENT**. God put them here for a purpose and we **SHOW THEM** how to find that purpose instead of merely existing! We teach them **HOW** to find employment, knowledge of towns/cities which have the lowest unemployment rates, **HOW** to start their own business for less than fifty dollars, managing money after it is earned, and other timely subjects based on individual need. To obtain maximum coverage, **OPERATION UPLIFT** is conducted in major population centers including our satellite locations.

#### SPEAKING TO ONE OR ONE THOUSAND

#### STAYING AHEAD OF THE TECHNOLOGY CURVE

Worker Ministries has always remained on the cutting edge of technology to enable us to reach thousands of workers throughout the world.

As we prepare for another decade of service, Rick Martin, our Technical Director has installed a new state-of-the-art computer system at our world headquarters at Elon. In addition, Rick has just completed work on a brand new Worker Ministries' web site which replaces our older one and is now on line.

It should be noted that Rick Martin is available to businesses, churches, and other organizations which need to have him develop a first-class web site. Call us at **336-449-5904** and we will put you in touch with him immediately.

And, Kathy Perkinson, Vice President states, "We are currently exploring the possibility of establishing our own internet radio station. If this becomes a reality, **WMNS Radio** will stream our own talk programs to workers anywhere in the world. Listeners will simply click on the Audio Page at our new web site and then click on the radio and speak with Jim who will answer questions about any problems in the workplace."

Broadcasting is not new to Jim Hogsett since he began work at the age of twelve as the youngest disc jockey in America and continued to work in that field until graduation from college.
